Highlights

Corrosion-resistant connectors

Compressed brass with 24K gold-electroplated connectors creates a secure and extremely durable connection that optimises signal quality and delivers the best picture and data transfer.

Flexible PVC Jacket

Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Play through your stereo

Enjoy listening to your music through your home or car stereo speakers. Cassette adapter transmits your tunes from your MP3/CD/DVD player to your home or car stereo.

Plug and Play

Plug and Play gives you the ability to install or add a new component and have it work without having to perform any complex installation procedures or technical analyses.

Rubber strain relief

Rubber strain relief provides a secure yet flexible juncture between the cable and the plug.

True stereo sound

A single connection of audio out (left and right) which goes directly to a stereo receiver for improved sound.
